Costs Estimates
Our File No.: AB 00644-01**

Dear Mr. Lauro:

In accordance with your request, we have prepared the improvement cost estimates for the following roads for your use in the development of the 2006 Road Improvement program: Gerard Avenue (NJDOT Trust Fund \$300,000.00) has been included in the 2006 Road Improvement Program, previously in the 2005 Road Program, to allow the County to complete their improvements at the Lower Main & Gerard Avenue intersection. For your convenience, the costs for the various roads have been broken out for the applicable funding source.

We have preliminarily estimated the construction costs and engineering costs for the aforementioned roads. It should be noted that the engineering costs include design, bid and construction phase services.

NJDOT Trust Funds:
